

LCD audio**8910-02****GENERAL INFORMATION****1. SPECIFICATIONS****1) LCD Audio System**

Item		Description
Operating system		QNX
CPU		Jacinto eco 5600 MHz
Memory		ROM - NAND Flash 256 Mbytes
		DOR2 : 256 Mbytes
Booting time	Radio	Within 19 sec.
	Rearview camera	Within 3 sec.
Touch panel		IR Touch
Display		7" TFT WVGA (800*480)/16:9 aspect ratio
USB		USB 2.0 (High Speed)
Hands-free		Bluetooth
Audio		Radio (FM/AM)
Rearview camera		<p>Shifting to R</p> <p>- POWER ON/OFF is unavailable when the rearview camera is operating.</p> <p>- Mode change is unavailable when the rearview camera is operating.</p>
Multimedia	Audio	<p>Audio codec: MP3, OGG, WMA, WAV</p> <p>Supported file format: mp3, aac, ogg, ape, flac, wma, wav</p>
HDMI		Version: HDMI 1.4a

Application basis	
Affected VIN	

2) LCD Audio Head Unit

Category	Item		Specifications
General	Frequency range	FM	87.5 to 108.0 kHz
		AM	531 to 1,602 kHz
	Operation temperature		-30°C to +75°C
	Operating voltage		9.0 to 16.0 V
	Power supply voltage		DC 13.5 V (-) Ground
	Dark current		3 mA or lower
	Load impedance		4 Ω X 6
	Antenna		80 PF 75 Ω
	Storage capacity		NAND 256 MB
	Weight		1.9 Kg
LCD display	Viewing angle		Up: 65°, Down: 70°, Left: 70°, Right: 70°
	Power supply		5 V (1.2 A)
	Input signal		DIGITAL RGB
	Display size		168.38 mm (W) x 101 mm (H) x 8.76 mm (D)
	Display type		7" TFT WVGA (800X480)
	Display aspect ratio		16:9
	Screen size		154.8 X 93.84 mm (bezel open)
	Color		Full color
USB	Compatibility		USB 2.0 (High Speed)
Bluetooth	MAX output power		2.5 mW
Tail lamp color	Daylight color		Panel front: Black metal, Letters: White Button: Black metal, Letters: White
	Illumination color		Button: Orange/Red Display: Full color

Modification basis	
Application basis	
Affected VIN	

2) USB and HDMI Jack Assembly

Item	Specifications
Operating temperature	-30°C to +80°C

4) Micro Pole Antenna

Item	Specifications	
Storage temperature	-40°C to +85°C	
Operating temperature	-30°C to +75°C	
Operating voltage	AM/FM	10.5 to 16.0 V
Current consumption	AM/FM	Max. 100 mA
I/O impedance	AM/FM	75 Ω

5) Speaker

Item	Specifications
Front/rear door speaker	Speaker size
	Max. input
	Impedance
Front tweeter speaker	Speaker size
	Max. input
	Impedance

Modification basis	
Application basis	
Affected VIN	

6) Rearview Camera

Item	Specifications
Storage temperature	-40°C to +80°C
Operating temperature	-30°C to +75°C
Operating voltage	6.0 to 9.0 V
Current consumption	60 mA
Signal type	Video: NTSC Composite
Power supply	8 V
Viewing angle	Horizontal 129°, Vertical 89°
Weight	30 g

7) Handsfree Microphone

Item	Specifications
Storage temperature	-30°C to 80°C
Operating temperature	-30°C to +75°C
Sensitivity	-36 ± 2 dB
Impedance	Up to 2.2 kΩ
S/N ratio*	65 dB or more

S/N ratio (signal to noise ratio): Describes noise level in relation to the signal level in dB

8) Steering Wheel Audio Remote Control Switch

Item	Specifications	
Rated voltage	5 V - 0.1 A	
Rated load	5 V - 0.1 A	
Operating temperature	-30°C to +85°C	
Item	Resistance	Operating voltage
Volume down	196 Ω ± 1%	0 to 0.4 V
Volume up	1.02 KΩ ± 1%	0.7 to 1.1 V
Mode	2.21 KΩ ± 1%	1.4 to 1.8 V
Power/Mute	34.8 KΩ ± 1%	4.2 to 4.6 V
SEEK up	4.02 KΩ ± 1%	2.1 to 2.5 V
SEEK down	6.98 kΩ ± 1%	2.8 to 3.2 V
Bluetooth (hands-free) - ON	13.3 KΩ ± 1%	3.5 to 3.9 V
Bluetooth (hands-free) - OFF	34.8 KΩ ± 1%	4.2 to 4.6 V

2. CAUTIONS AND WARNINGS FOR SAFETY

WARNING

- This mark indicates situation which, if not observed, may result in an accident or system malfunction.
- Do not disassemble or modify this system.
Doing so may cause an accident, fire or electric shock.
- Do not use the system if it is malfunctioning (sound or video output problem).
Doing so may lead to an accident or electric shock.
Please contact a Ssangyong service dealer immediately.
- The system should be used only when the engine is started.
Using the system for an extended period of time with the engine off may discharge the battery.
- Do not leave beverages or foreign materials around the system.
If they enter the system, they may cause a fire.
- The system may break down if a disc not supported by this system is inserted.
- Do not apply impact to or drop this system.
It may cause malfunction.
- Never leave the system in a hot or cold place for an extended period of time. Therefore, do not park the vehicle in a hot or cold place. The ambient temperature should be -30°C to +80°C for proper operation.
- When cleaning the touch screen, turn off the system and clean the surface with a dry and soft cloth.
Never use any coarse cloth, hard cloth, chemical agent, volatile cleaning solvent (alcohol, benzene, thinner) for cleaning the touch screen.

CAUTION

- This mark indicates potentially hazardous situation which, if not observed, may result in serious injury and material damage.
- Ssangyong is not liable for any personal injury and material damage, caused by violation of traffic regulations or neglect of observing actual traffic and driving situations.
- Colors on display figures in this manual may differ from actual display due to publication concerns.

OVERVIEW AND OPERATING PROCESS

1. OVERVIEW

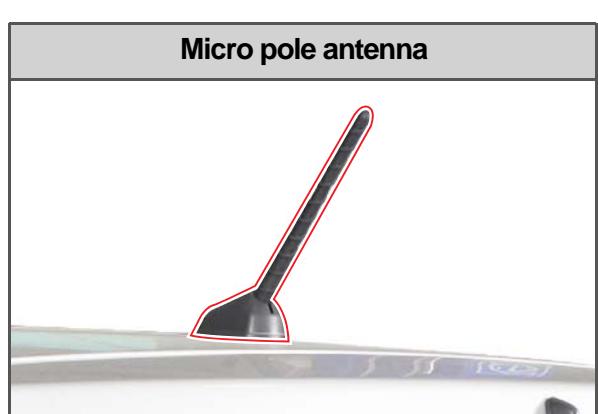

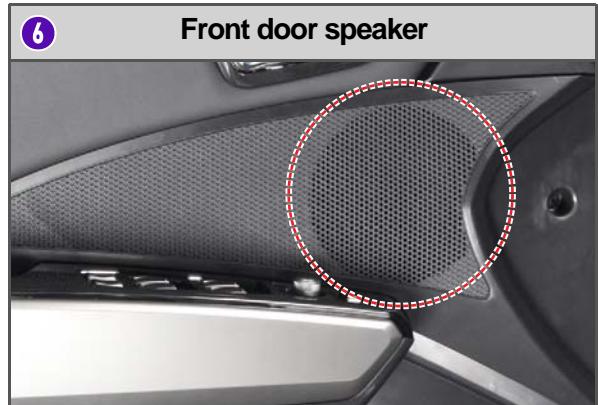

The LCD audio system with 7-inch LCD can play the radio (FM1, FM2, AM), contents in a USB device (video, music, photo files), and contents in a device using HDMI. The LCD audio system also has hands-free (Bluetooth) feature, rearview camera, external device connection features including USB and HDMI. It has a micro pole antenna and its own integrated amplifier to improve the radio frequency reception rate and to provide the high-quality sound.

3. FEATURES

1) LCD Display Mode

In the LCD audio main menu screen, RADIO, HDMI, MEDIA, BLUETOOTH MUSIC, BLUETOOTH HANDSFREE menus are displayed. For detailed information about these menus, see the manual for the LCD audio system.

(1) Radio mode

No.	Name	Description
1	Selected mode	- Selected mode is displayed (one of FM1, FM2 or AM).
2	Preset	- Stored station frequency is displayed.
3	Indicator	- One of STEREO, SCAN, AST, or P.SCAN is displayed depending on the currently selected mode.
4	Frequency	- Currently selected station frequency is displayed.
5	SEEK DOWN	- Searches automatically for the strongest station by going down the radio frequency.
6	TUNE DOWN	- Goes down the radio frequency by 1 step.
7	TUNE UP	- Goes up the radio frequency by 1 step.
8	SEEK UP	- Searches automatically for the strongest station by going up the radio frequency.
9	AM/FM	- Changes the mode in order of FM1→FM2→AM→FM1.
10	AST	- Stores the searched for radio stations in preset buttons automatically in ascending order.
11	SCAN	- Scans for radio stations with strong signals and stays for 5 seconds each time a station is chosen.
12	P.SCAN	- Plays the stations stored in preset no. 1 to 6 buttons for 5 seconds for each station.

 **NOTE**

TUNE UP/DOWN 1 step

General : (FM : 0.1MHz, AM : 9KHz), EU : (FM : 0.1MHz, AM : 9 KHz),

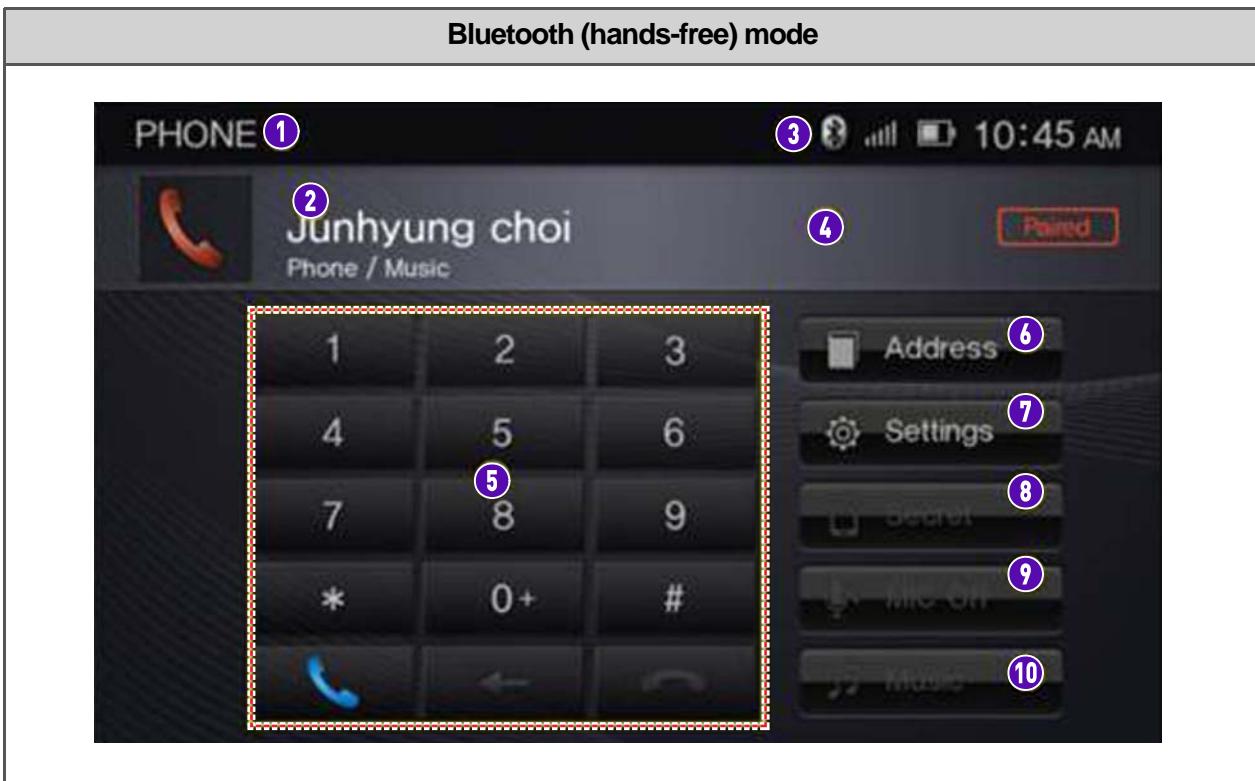

Latin America : (FM : 0.1MHz, AM : 10KHz)

(2) USB music mode

No.	Name	Description
1	Selected mode	- USB music mode is displayed.
2	Folder Up	- Move and play previous folder.
3	Folder Down	- Move and play next folder.
4	Current folder	- Displays current playing folder name.
5	Info	- Displays the detailed information of music file currently played.
6	Indicator	- Shows the playing mode. (such, RDM, RPT, INT and etc.)
7	Previous Track	- Plays the previous music file while playing a song.
8	PLAY/PAUSE	- Plays or pause a music.
9	Next Track	- Plays the next music file while playing a song.
10	List	- Displays the list of music files stored in the USB memory.
11	RDM	- Plays the music files stored in the USB memory randomly.
12	RPT	- Repeats one file or all files stored in the USB memory.
13	INT	- Plays the music files stored in the USB memory in sequence for the first 10 seconds.
14	MY LIST	- You can select and store music files you want in this list and plays songs within this list.

(3) Bluetooth (hands-free) mode

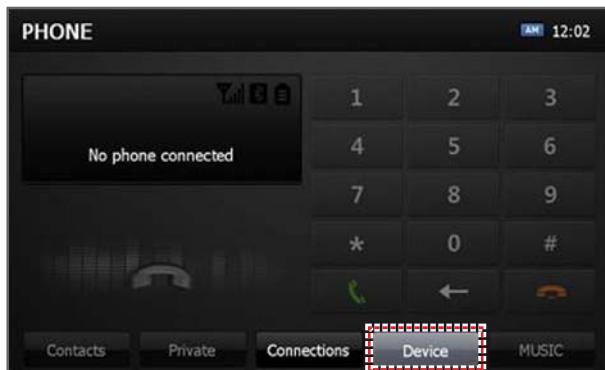

No.	Name	Description
1	Selected mode	- Selected mode is displayed (one of Bluetooth music or Phone mode).
2	Connected Device information	- Device name and device media type displayed.(Phone, Music or Phone/Music)
3	BT peripherals info	- BT icon, Signal Strength and Battery status.(Items may not supported by mobile device.)
4	Display window	- Call information and time information will be displayed.
5	Keypad	- Number pad, dial and hang-up key
6	Address Book	- Downloads the phonebook from the cell phone. Shows the recent call list.
7	Settings	- Used to change the settings of Bluetooth device of this system.
8	Secret Mode	- Switches between handsfree and private call.
9	Mic. Off	- Turns the Mic. Function off.(Mic. mute)
10	MUSIC	- Switches to Bluetooth MUSIC screen.

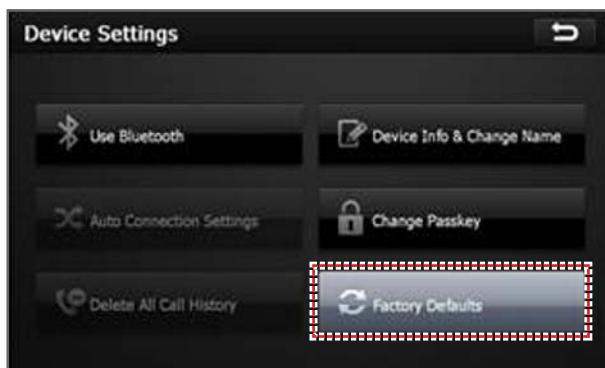

Modification basis	
Application basis	
Affected VIN	

► Initialization of Bluetooth

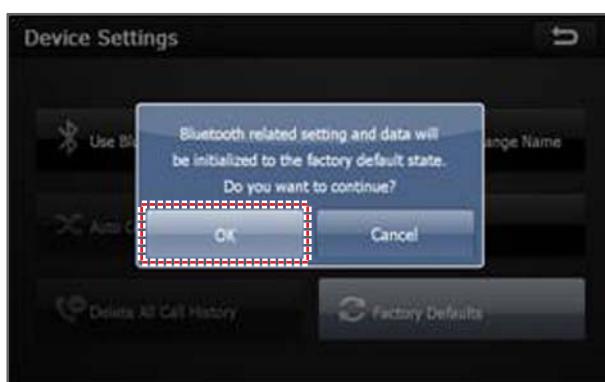

Initialize and delete all settings related to Bluetooth function (pairing history, paired phonebook, call list, various settings)

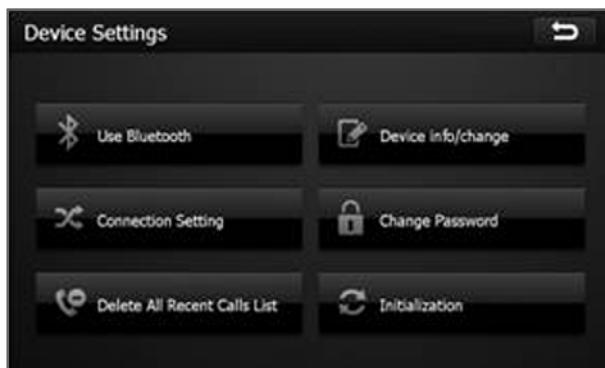

Select [Device setting] button on the Bluetooth screen.

Select [Initialize Bluetooth] button on the Device setting screen.

Select [OK] when confirm message for initialization pops up.

Initialization complete

(4) Bluetooth music mode

No.	Name	Description
1	Selected mode	- Bluetooth music mode is displayed.
2	PLAY/PAUSE	- Plays or pause a song.
3	Previous Track	- Plays the previous music file while playing a song.
4	Next Track	- Plays the next music file while playing a song.
5	PHONE	- Switches to Phone mode. Pressing this switch during a song play switches the system to Phone screen but keeps playing the song.
6	Song information	- Displays the detailed information of music file currently played.

Application basis	
Affected VIN	

2) External Device Connection

► HDMI

1. Connect the HDMI device with HDMI cable to the HDMI jack.

2. Wait for the system to complete the transition.

3. If the system is successfully connected to the device, video and audio are output from the system.

Modification basis	
Application basis	
Affected VIN	

3. During driving, only the sound of the video file is played. The image of the video file does not appear on the screen. (The image will appear on the screen as soon as the vehicle stops.)

⚠ CAUTION

When the ignition off signal is detected with the audio system ON, the battery discharged warning message is displayed on the screen.

Modification basis	
Application basis	
Affected VIN	

3) How To Set LCD Audio System

► How to set LCD audio system

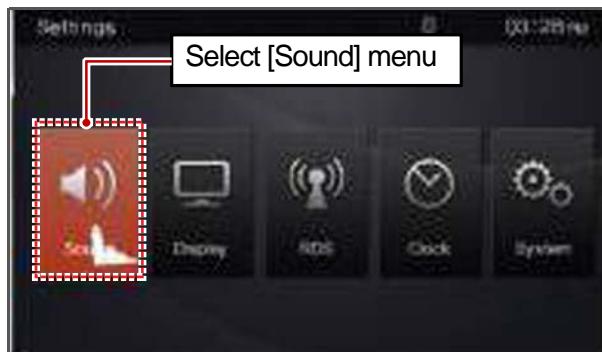

1. Press the [SETUP] button the front.

2. Setup Menu will be displayed.(Non RDS and RDS setting is shown together.)

(1) Sound setting

1. Select [Sound] button on the Configuration screen.

2. The Sound setting screen is displayed.

- Sound Center can be adjusted using four directional arrows or select sound center in the top view of seating area.
- EQ style can be select from the EQ screen. Left, Right arrow will allow user to adjust the User EQ

Modification basis	
Application basis	
Affected VIN	

(2) Display setting

1. Select [Display] button on the Configuration screen.

2. The Display setting screen is displayed.

- Left, Right arrow will allow user to adjust the Brightness / Contrast / Saturation / Hue.
- Non-Video(Radio / USB / BT) will only have Brightness control. (Default Brightness is 6.)
- Video mode(HDMI) will have Brightness / Contrast / Saturation / Hue control.(Each Default value is 0.)

(3) Clock setting

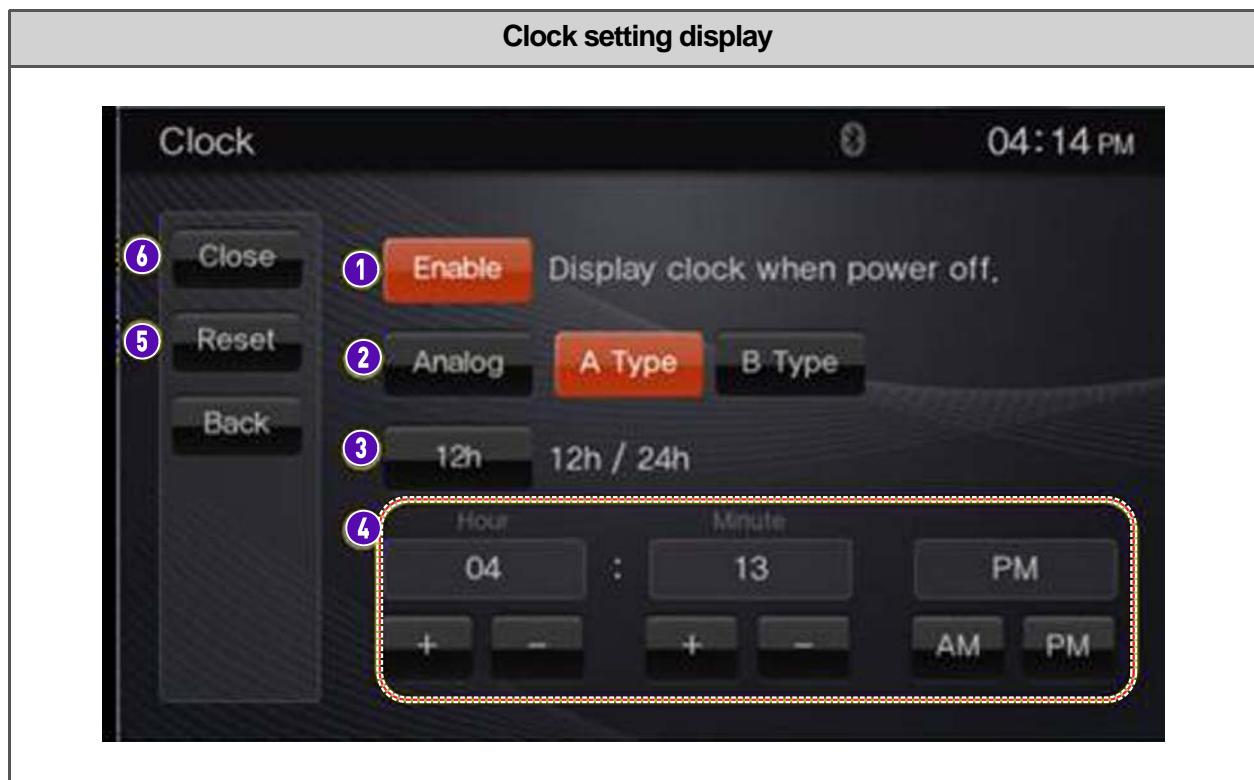

1. Select [Clock] button on the Configuration screen.

2. The Clock setting screen is displayed.

Modification basis	
Application basis	
Affected VIN	

No.	Name	Description
1	Clock display	This will display the clock on the screen while the system is turned off.
2	Clock Type	User can select different type of clock.
3	12h/24h	User can select the clock to be 12h/24h for digital clock.
4	Time adjust	-
5	Reset	Time will be set to 10:10AM/12h.
6	Close	Return to previous Setting Menu.

(4) System setting

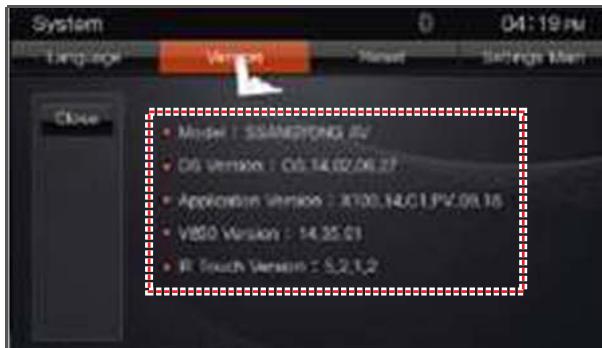

1. Select [System] button on the Configuration screen.

2. The System setting screen is displayed.

- Region
- Language
- Version
- Reset

► Checking system version

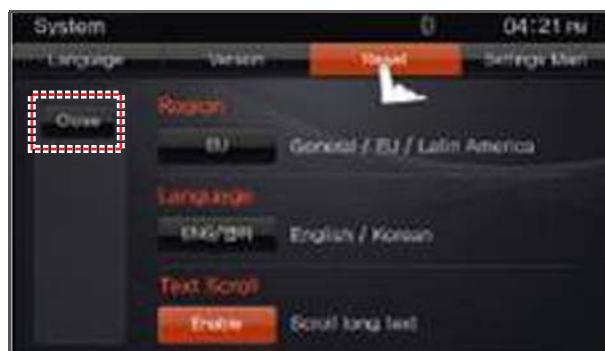

1. You can check the version of the system.

- Systems SW information about OS, Application, V850, IR touch will appear on the screen.

Modification basis	
Application basis	
Affected VIN	

► System Initialization

1. Press RESET button on the top tab.

2. Confirmation Pop will appear and pressing YES will reset the user configuration setting for the system.
